

Andrea Klebic

I am Andrea Klebic, I am 8 years old , a 3rd grader, full of energy and imagination. I come from a military family that supports me in my dreams and education. I am dedicated, kind, and competitive.

The entertainment business has been what most caught my interest. All the videos, commercials, and acting make me feel at home. The idea of being part of someone's magical moments, inspiration, and a role model drives me.
