

Hi, my name is Narella Natareno and I am 9 years old. I am Guatemalan-American and live in Pawtucket, Rhode Island. I am fluent in English and Spanish and have a passion for learning new languages. I enjoy creating art including painting, sketching, playing instruments, and more. I also enjoy dancing, practicing karate, and boxing.

There are many reasons I am interested in the entertainment industry. One of the main reason is to overcome my stage fright and become more confident talking to large amounts of people. I feel that I have a great personality that would benefit this industry. Another reason I am interested in this industry is that I enjoy remembering lines of some of my favorite TV shows such as Cobra Kai, Green Eggs and Ham, Cat and the Hat, and Wednesday.
