BIO

Hello, my name is Riley Payne and I am 9 years old. I am very creative and have lots of energy. I love playing basketball, acting, modeling, spending time with friends/family, and crafting. I am currently homeschooled by my mom. I have had professional acting classes that have helped me grow and develop my skills, I am so thankful for all of the opportunities I have had to this point.

I would love to be in this industry because I enjoy acting and modeling. I have always wanted to see myself in a movie, television show, and/or voice acting. I am very creative and this is another way I am able to express myself.
