humpupo@gmail.com

I am in 4<sup>th</sup> grade at Gulf Coast Academy. I have received awards in school for multiple things. I like to be active doing things such as roller skating, cheerleading, swimming, anything active pretty much. I also like to do arts and crafts, if I had to pick a favorite it would be painting. Being with my family and friends is important and fun for me as well.

I am a creative person who enjoys learning new things. One of my favorite things to learn about is history. I also enjoy trying new things to see if I like them or not. I am gentle and kindhearted, but I stand up for myself as well. I am committed to accomplishing my goals.

I want to become an actress because I have always dreamed of making a name for myself and being well known in the world. I like to pretend and dress up in all kinds of different ways. I want my dreams to come true.

Sincerely,  
Gianna Fallon
