

Missy Ladson

C O V E R L E T T E R

Hi, my name is Missy Ladson and I'm 10 years old. I live in a small country town called Marong in Central Victoria (Australia) and I was named after a famous Australian singer, Missy Higgins!

I have loved acting, singing, modelling & dancing since I was about 2 years old and have done theatre, dancing & piano classes throughout my childhood.

I love to write my own songs and compose/sing them and I really love writing scripts, developing characters and filming them.

I have done video commercials for We Might Be Tiny, Mini Pitcher & Love Haidee and have modelled for all of them plus Talking Red, Baxter Blue & Freckly Ollie. I have performed on stage in front of an audience for both my school plays & theatre performances.

My dream is to be in TV shows and movies one day, and be like my favourites actors Dove Cameron, Cameron Boyce, Sofia Carson & Jenna Ortega.

I've been told my whole life that I'm 'too much' and to that I say 'go find less'! I know this is a big dream, but I know I can do it!
