

Dear Sir or Madam

I am a 12 year-old energetic and bubbly girl who loves performing. I'm a native speaker of both English and Spanish and have had classes in piano, guitar and painting. I've performed in many school recitals and have completed Talent Auditions training course. I've previously ran a YouTube channel with my sister and have recently joined a local theatre production.

I'm friendly, flexible and studious – all qualities that make it easy to work with me.
