

My name is Antonio Sanchez Pearson. I am fourteen years old and finishing up my last year of middle school. I love hanging out with friends, biking around town, swimming and gaming. During the summer, I am always outdoors. My friends would describe me as a jokster. I love making people laugh and having as much fun as possible.

I have been interested in acting as far back as I can remember. Any time I heard ads on the radio about Disney I begged my mom to sign me up. Unfortunately, my sister tried out when she was younger, made it through call backs and then found out we had to pay to continue, and my mom couldn't afford it at that time. Although, this experience has been similar, I was lucky enough to get to participate. I want to be an actor because I love playing different roles and getting into my character. Through my experiences with Talent Auditions and acting on-stage, I know this industry is where I want to be!
