The opportunities for creativity and expression seem limitless in the entertainment industry. I am very outgoing and creative, and I love storytelling through dance. As a competitive dancer, I tell a story every time I go on stage! I love watching the creativity and collaboration required to choreograph my routines. My favorite part of dancing is entertaining the audience and being the best I can for me and my team. Teamwork makes the dream work!

As a military kid, I have lived in four different states and have been able to travel all around the country. I love seeing new places and meeting new people. I make lifelong friends everywhere we go! I feel like the entertainment industry can also provide opportunities to travel and meet new people as well. I am a social butterfly.

I believe people can discover new passions in the entertainment industry. I already know that I love to dance, but I would love entertaining people in other ways too. I know I would be very happy and successful in this industry no matter what path I take, whether I'm dancing on a stage, or working with a team to make a commercial. My only goal is to brighten somebody's day.

Sincerely,

Ruthy Fugate
