Hello! My name is Archer Scalia. I'm 7 years old and I'm from Southington, CT.

I'm a creative, theatrical second grader who loves to put on a show for friends and family, and audiences too! I enjoy creating and editing my own movies at home and as soon as I was given a chance to act in my first school play, I had a yearning for more! I like writing my own stories and making them into books for people to read. I also love working with computers, whether it be playing games or creating my own with Roblox Studio!
