

Damon Chura

I'm a grade 10 student who is friendly, really outgoing although I have a humorously negative outlook and I love performing for people and making them happy.

I have been perusing acting and performing arts since I was 10 years old, and I have fallen in love with the industry.

My first memory of wanting to be an actor was when, I first watched the Pirates of the Caribbean: Curse of the Black Pearl. I learnt of the amazing talent that some actors have, and now today I'm trying my best to become one.

Theatre acts has become my passion and I want to prove that I can become a good actor, not a renowned actor, but one who cannot just play a role but become the character and bring them to life.
