

CAYLA ABRAHAM

Dear Whomever This May Concern:

We are Cayla Abraham's parents, Saju and Asha Abraham and wanted to introduce our daughter Cayla to you all. She is a bright, energetic 7 year old kid who loves to entertain others around her and is quite the chatterbox. She excels academically and on the soccer field. She currently attends Fry Elementary. In the interest of broadening her horizons as well as based on requests from her, we have started her down on the path to becoming an actress and model.

She has shown an interest in performing and entertaining others for the last few years, and we wanted to give her the formal opportunity to do so in the best way we know possible which was going through Talent Auditions. She also plays the piano and has performed in several recitals. She has shown an exquisite ability to be able to memorize lines/scripts/songs and hopefully would be able to use this in potential acting/modelling roles.

She is currently working with Kidz Kabaret – based out of Naperville, IL and is having a great time and has a upcoming performance. We wish you would consider Cayla for any acting and modeling opportunities that might arise as we think she would do great!

Sincerely

Cayla Abraham

Saju and Asha Abraham
