

My name is Cedar Novak, I'm 13 years old and have been doing musical theater since I was 7. Acting in musicals is one of my favorite things to do and whenever it's time for the school musical I'm always one of the most excited for it. My dedication, enthusiasm, skills, and comfortable stage presence are what earned me the lead role in this year's middle/high school production of Little Shop of Horrors.

Through the Media Arts department at my school, I've also recently started acting more in student films as well as writing, editing, and helping direct them. This experience with film has inspired me to want to take my skills from musical theater and apply them to other types of media production such as movies, tv shows, and commercials.
