

Madison Rebimbas

My name is Madison. I am 15 years old. I live in Flemington, N.J. I have an older brother Bryan who has a service dog named Artie to help him (Bryan is in a wheelchair due to his cerebral palsy and autism). I also have an older sister Coryn who is a freshman in college. I also have 2 other dogs; Chico and Macho- both chihuahuas who we rescued. I have taken private voice lessons and was a member of *Show Kids*, a singing performing group . I really enjoy singing, playing the flute in my school marching band and the school concert band. I am also involved in theater and the competitive indoor color guard team. I also enjoy helping my parent's cook traditional Cuban and Portuguese food (my ethnicities).

One of my favorite pastimes is going to see Broadway shows. I really love theater. This is where my love for wanting to perform began! I was also in my middle school play -Moana Jr. - as one of the lead roles -Sina (Moana's mom).

My family was on a TV show a few years ago on the FOX channel for a home renovation show called "George To The Rescue", where they helped fix our home for my brother. After being on the show and seeing all the behind the scenes action, it really piqued my interest in being involved in entertainment. One of my dreams is to be involved in Broadway theater, tv shows or even commercials. I would love any opportunity given to me to not only learn and grow but also help me take a step closer to achieving my dreams of being in the entertainment industry.

**Thank you for considering me,
Madison Rebimbas**
