Dear Agents,

Tenley Gullick is 5 years old, going on 15! She has been performing for family and friends since she was a year old. She loves to be the center of attention and steal the spotlight. She plays dress-up in her spare time, makes up plays and concerts to perform, and loves to model down the runway. When told of the opportunity to act and model, her world lit up. She dreams of becoming a star! At her young age, she memorized a 90-second monologue in under a week and has worked well with her coaches to perfect it. She has great aspirations of stardom and was made for the spotlight!

Tenley has recently completed 9 online classes through Talent Auditions and an additional 6 one-on-one sessions with acting coaches. She is eager to learn all she can about the industry and find an agent who can help mold her into the best star she can be! Her outspoken and energetic nature, along with ability to memorize much at a young age, will make her easy to work with and shape to any need. Tenley looks forward to hearing from you soon!
