

I am Nieanna Star DuBroc and I love so many things like sports, riding my dirt bike, reading, playing on my phone, watching TV, going to school, and baby sitting. I even wrote a small children's book, but my parents had never yet paid to have it published. I like sports because they can help me stay fit, keep me entertained, and they are really fun to play, especially when you win. The sports I like are football, softball, volleyball, basketball, and powerlifting. I like going to school because I get to see my boyfriend, friends, and teachers. I also like going to school because I like math and reading. I have a 103 A in math and a 95 A in reading.

The reason why I want to be in the entertainment district is because I have always wanted to be an actress since I was 5 years old. I have always acted parts of my favorite movies when I was younger. I would sing the songs they had on there, dance like they danced, and even did jump-into-splits at the end of the dances. I have always liked doing that, and even though I am 12 years old, I still do that stuff like I did when I was younger. This is the reason why I want to be in the entertainment district.
