

Hello! My name is Katiana Childers and I love acting. My friends and I are constantly coming up with short scripts which we enact for families and friends. I also spent the last two years on a cheer team and I very much enjoyed performing on stage. I have learned how to keep going even if I make a mistake. Taking acting classes through Talent Auditions was fun. I am extremely good at memorizing, and I enjoy performing my lines.

I want to get into acting and modeling because I love it. I love meeting new people and performing. It's exciting and fun!
