RE: Model, Acting

For the past couple of years I have been drawn to makeup and dressing up, posing for the camera and imaginary fan base. I enjoy watching Disney TV shows, dreaming of one day making this my reality. I always felt a compelling urge to perform, whether it's streaming music to dance to or posing for pictures. The industry offers me an unparalleled platform to inspire and be inspired, to connect with others in a way that transcends words.

My love for soccer and gymnastics has instilled in me with the values of teamwork and discipline. My passion for art has taught me creativity and attention to detail. I believe these qualities make me uniquely suited for a career in entertainment, and I am eager to bring my enthusiasm and dedication to an industry that has given so much to so many. I am excited for the opportunity to contribute my skills and passion, and to learn from the incredible talents that make this industry what it is.

Thank you!
